The Annual Quality Assurance Report (AQAR) of the IQAC

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the perspective plan worked out by the IQAC. *(Note: The AQAR period would be the Academic Year. For example, July 1, 2012 to June 30, 2013)*

Innovations and Best Practices

7.1 Innovations introduced during this academic year which have created a positive impact on the functioning of the institution. Give details.

1) Innovative practices in academics:-

- **Mentoring students:-**Students are motivated and are psychologically prepared to face professional and social challenges
- **Online journals of international repute, NPTEL audio/video tutorials: NPTEL** audio/video tutorials help the students to understand the concepts in greater depth & prepare them for competitive exams like GATE.
- **Industrial Visits**: industrial visits are regularly arranged to bridge the gap between industry and academia for eligible students.
- Modular training programme for enhancing employability.
- Joint projects with industry and research organization.
- Facility to earn international credits through recognized test centre available in the institute.
- Project and seminar guides are allotted based on their area of interest.
- Industrial training is provided to most of the students.
- Faculty members are grouped based on their specialized domain to enhance the research activities.

2) Innovative practices in Administration:-

- Online Feedback System for students
- Centralized messaging system is used to communicate with all stakeholders of the institute.
- Online fee payment system for students
- Digital notice board.

7.2 Provide the Action Taken Report (ATR) based on the plan of action decided upon at the beginning of the year

- Monthly report is prepared and maintained by class teacher
- Action taken report is prepared by every class teacher and in-charge of every departmental portfolio, semester-wise.
- Sewerage System Design for canteen & soak pit.
- Composting the waste generated in the campus by PDKV Compost Method.

7.3 Give two Best Practices of the institution *(please see the format in the NAAC Self-study Manuals)*

- Campus Recruitment training programme for all students of final year for improvement in placement.
- Open House Jury – For Viva-Voce of Final Year. Open House Jury was arranged, in which all students were allowed to watch jury so that they come to know about different Thesis topics and jury process.

Details of are provided in Annexure 2

7.4 Contribution to environmental awareness / protection

- The campus is maintained as smoke free by parking car & two wheeler in separate parking area and plastic pollution free by continuous education to the students.
- The practice of rain water harvesting, no vehicle day, tree plantation and composting of waste are followed in the campus.
- Energy conservation
- Use of renewable energy
- Swachh Bharat Abhiyan
- Efforts for Carbon neutrality
- Tree Plantation
- World Water Day Awareness Program and Poster Presentation.
- Participated in WATER RUN-2017 at District Collector office Akola
- Awareness camping on non conventional energy sources through Unnat Bharat Abhiyan

7.5 Whether environmental audit was conducted? Yes [✓] No [ ]

7.6 Any other relevant information the institution wishes to add. (for example SWOC Analysis)

STRENGTHS

- Our institute is one of the premier un-aided Engineering Institute in the region, belonging to Shri Shivaji Education Society Amravati, the second largest Education Society in Maharashtra. Management of Shri Shivaji education society is democratically elected .
- Dynamic, transparent, democratic independence of decision making.
- Well qualified and dedicated faculty with excellent faculty retention.
- Fully equipped laboratories recognized for research by SGBAU, Amravati.
- Strong bonding with outside world through MOUs.
- Enriched, Resourceful and computerized Library.
- Continuous Industry-Institute-Interaction.
- Strong network and interaction with Alumni, holding key positions in various organizations across the globe.
- Strong will and action for social initiation.
- Ours is the only institute in Akola district having 35 yrs of standing.

WEAKNESSES

- Geographical disadvantage as Institute located in industrially backward region
- Non-residential premises.
- Potentially weak quality of students lacking in communication skills
- Comparatively lesser inclination of students towards higher studies and entrepreneurship after graduation.
- Restricted autonomy in curriculum design and development.

OPPORTUNITIES

- Scope for the institution to develop Gateway for technology and research in the region.
- Funding from AICTE, DST, ISTE, various industries & Institutions.
- Resource generation through testing Consultancy & extension activities.
- Scope for promotion of start-ups under the Digital India and Make in India campaign for strong Entrepreneurship Development.
- Better opportunities for placements in various Government / Private Organizations through T & P Cell and strong Alumni interaction.
- Close interaction with research institutes through MOUs and collaborative projects.

CHALLENGES

- Unplanned growth of engineering colleges in the region.
- To enhance the employability of the students
- To bridge gap between pace of technological advancements in industry and development of technical skills of the students.
- Increased trend in migration of student population to metros for engineering education.
- To improve industrial consultancy and funded research projects.
- To encourage the students towards entrepreneurship rather than seeking jobs.

Tree Plantation

A Tree plantation program was organized with enthusim by volunteers of NSS Department of College of Engineering & Technology (COET) Bhabulgaon on 1/7/2017

No Vehicle Day

No Vehicle Day was celebrated with great enthusiasm on 24/12/2017 by College of Engineering & Technology, Akola

Swachh Bharat Abhiyan

“Swachta Abhiyaan” has taken place with great enthusiasm by students of College Of Engineering & Technology, Babulghaon(Jh),Akola

INFORMATION TO STUDENTS

All the activities of this college are student-centric. You may utilize all facilities provided by college like sports, canteen, stores and dispensary. You may also take part in activitieslike NSS, ISTE, IEI students' chapters, and departmental students associations like PESAA (Production Engineering), CESCAA (Chemical Engineering), SAPT (Polymer Technology), NASA (Architecture), CESA (Civil Engineering), TESA (Textile Engineering)CSE-BYTES (Computer Science and Engineering), MESAA (Mechanical Engineering). You are also informed that extensive use of library and internet during and after college hours is in your best interests. Departmental libraries and computers may also be used.Look out notice boards regularly for various events and instructions regarding academics, university and institution notices.

INSTRUCTIONS TO FIRST YEAR STUDENTS

In case of any difficulty regarding academics, time table, office work, bus facility and hostel etc. The first year students are advised to contact the First Year Monitoring Committee (FYMC)

The admission schedule of first year depends on the factors beyond the control of the college. Therefore the Academic planning for the first year will be notified form time to time as session progresses. The students should see the notice board and contact the HOD for clarification required, if any.

There is a separate 'Anti-Ragging Committee' to curb the menace of ragging. The students are advised to contact any member of the committee as and when required.

FIRST YEAR MONITORING COMMITTEE (FYMC)

NOTE TO PARENTS

1. You, the parents are the real educators of your ward; the college is just a helper playing a secondary role in the matter. Parents are expected to co-operate with the College Authorities by enforcing regularity and discipline, by seeing that their ward prepare their lessons and by taking an active and helpful interest in the activities of the college.
2. It is understood that you entrust Principal with authority to correct & punish at his discretion.
3. Parents or guardians are informed that occasional reports from the Class Teacher / HOD are conveniently sent through the college. Parents and guardians are particularly expected to sign messages, the progress report or any similar documents when so required. Failure to do this may put the ward to great inconvenience and may render them liable to be sent home.
4. If a student is likely to be absent through illness for more than three days, Class Teacher and HOD must be informed immediately.
5. Parents are requested to pay fees and dues of their ward on schedule dates to avoid penalties and convenience to system.

Epilogue :

This academic calendar has been published by Principal, College of Engineering & Technology, Babhulgaon, Akola-444 104, for the benefit and use of students of this college. The students are its valuable wealth and shall bring glory to the alma-mater. College wishes them fruitful stay here and success in their lives.

"We must realize that if we have to take our due place in constellation of institution, industries & comity of nations, it will not come to us for asking, but we shall have to strain every nerve for it"

RAGGING CIRCULAR / GRIEVANCE COMMITTEE

RAGGING CIRCULAR

Applicable First Year to Final Year Students admitted in academic year 2016-2017
till the completion of engineering course

Action against ragging : Maharashtra Prohibition of Ragging Act XXXIII of 1999 which is in effect from 15th May 1999 has the following provisions for Action against Ragging.

a) Ragging within or outside of any educational institution is prohibited.

b) Whosoever directly or indirectly commits, participates in, abets, or propagates ragging within or outside any educational institution shall, on conviction, be punished with imprisonment for a term up to 2 years and / or penalty which may extend to ten thousand rupees.

c) Any student convicted of an offence of ragging shall be dismissed from the educational institution and such student shall not be admitted in any other educational institution for a period of five years from the date of order of such dismissal.

d) Whenever any student or, as the case may be, the parent or guardian or a teacher of an educational institution complaints, in writing, of ragging to the head of the educational institution, the head of the educational institution shall, without prejudice to the foregoing provisions, within seven days of the receipt of the complaint, enquire into the matter mentioned in the complaint and if, prima facie, it is found true, suspend the student who is accused of the offence, and shall, immediately forward the complaint to the police station having jurisdiction over the area in which the educational institution is situated, for further action. Where, on enquiry by the head of the educational institution, it is found that there is no substance, prima facie, in the complaint received, he /she shall intimate the fact, in writing, to the complainant. The decision of the head of the educational institution shall be final.

e) If the head of the educational institution fails or neglects to act in the manner specified in section "d" above when a complaint of ragging is made, such person shall be deemed to have abetted the offence and shall, on conviction, be punished as provided for in section "b" above.

UGC REGULATIONS ON CURBING THE MENACE OF RAGGING IN HIGHER EDUCATIONAL INSTITUTIONS, 2009.

(Under Section 26 (1) (g) of the University Grants Commission Act, 1956) Dated June, 2009. Is available on http://www.ugc.ac.in

Best Practice No.1

1) **Title:** Introduction of CRTP (Campus Recruitment Training Program) through professional agencies for Final Year students.

Goal: 1) To improve employability by imparting specialized skills in the students.

2) To bridge the curriculum gap between industry and institute.

Context: The session was conducted in 2 parts:

a) Aptitude: It is the requirement of any company that students should first crack aptitude test, so students were prepared for cracking the aptitude by teaching them some shortcuts methods by the professionals.

b) Soft Skills: Communication skill is mandatory to crack any campus interview so they can tell their skills to the interviewer, so students were taught by experts to build up their confidence level and improve their personality as needed in the corporate sector.

Practice: Students were trained by the professional agency i.e. **"Seed InfoTech, Pune"** .

Training session was started from 12 Aug 2017 to 31 Aug 2017(20days) for 2 hrs per day. Total hours were 36hrs i.e. 18Hrs for Aptitude and 18Hrs for soft skill and on the last 2 days test and demo interviews were conducted by them.

Evidence of Success:

Placement % year wise				
S.No.	Branch	2015-2016	2016-2017	2017-2018
1	Chemical	27%	34%	80%
2	Civil	28%	18%	39%
3	Computer	39%	38%	31%
4	mechanical	13%	24%	72%

Problem Encountered:

1) Students had stage fear, not that much confident and not prepared for facing the corporate challenges.

2) Lack of communication skill in the students.

Best Practice 2

Title- OPEN HOUSE JURY

GOAL

Purpose of open house jury is to '**Evaluate Student Rationally For His Assignments And Project Work.'** The students display their Projects on Panels where all the aspects can be intricately evaluated. Open House Jury gives opportunity to the Student to present her /his Project as a Total. It gives him confidence / courage for deliverance and presentation of project. The Projects are presented before the Jury / Panel of Juries where their Classmates, senior and Junior Students also can attend & question the Candidate.

CONTEXT

Architecture changes with time. In east and west as well we have the history of rhetoric discussions at Forums and Courts of Discussion and Public Assemblies where all have sense of Participation & Inclusiveness.

The student of architecture collect set of information and transfer it into knowledge. In case of table jury, focus of examiner is limited and he is unable to look at the overall quality of work and intricacy of detail work.

In Open House Jury the juror gets an overview of the data, case study, and comparative analysis of case studies, the theme of project, concept, methodology student adopted and final outcome, with quality of presentation, & design tools student has adopted.

PRACTICE

Open House Jury is participatory process where a jury or set of juror, teachers, guides as well as students can question

The student presenting the project also with audio visual supports during presentations where all aspects can be intricately evaluated.

EVIDENCE OF SUCCESS

It enhances and refines the knowledge of the student and also boost the morale of student to confront the jurors which is significant aspect for student while he take up challenge as Professional

PROBLEM ENCOUNTERED

Some students have inhibition for speaking or presenting their selves. This can be overcome by continuous efforts.

INFORMATION TO STUDENTS

All the activities of this college are student-centric. You may utilize all facilities provided by college like sports, canteen, stores and dispensary. You may also take part in activities like NSS, ISTE, IEI students' chapters, and departmental students associations like CESCAA (Chemical Engineering), NASA (Architecture), CESA (Civil Engineering), CSE-BYTES (Computer Science and Engineering), MESAA (Mechanical Engineering). You are also informed that extensive use of library and internet during and after college hours is in your best interests. Departmental libraries and computers may also be used.Look out notice boards regularly for various events and instructions regarding academics, university and institution notices.

INSTRUCTIONS TO FIRST YEAR STUDENTS

In case of any difficulty regarding academics, time table, office work, bus facility and hostel etc. The first year students are advised to contact the First Year Monitoring Committee (FYMC)

The admission schedule of first year depends on the factors beyond the control of the college. Therefore the Academic planning for the first year will be notified form time to time as session progresses. The students should see the notice board and contact the HOD for clarification required, if any.

There is a separate 'Anti-Ragging Committee' to curb the menace of ragging. The students are advised to contact any member of the committee as and when required.

NOTE TO PARENTS

1. You, the parents are the real educators of your ward; the college is just a helper playing a secondary role in the matter. Parents are expected to co-operate with the College Authorities by enforcing regularity and discipline, by seeing that their ward prepare their lessons and by taking an active and helpful interest in the activities of the college.
2. It is understood that you entrust Principal with authority to correct & punish at his discretion.
3. Parents or guardians are informed that occasional reports from the Class Teacher / HOD are conveniently sent through the college. Parents and guardians are particularity expected to sign messages, the progress report or any similar documents when so required. Failure to do this may put the ward to great inconvenience and may render them liable to be sent home.
4. If a student is likely to be absent through illness for more than three days, Class Teacher and HOD must be informed immediately.
5. Parents are requested to pay fees and dues of their ward on schedule dates to avoid penalties and convenience to system.

Epilogue :

This academic calendar has been published by Principal, College of Engineering & Technology, Babhulgaon, Akola-444 104, for the benefit and use of students of this college. The students are its valuable wealth and shall bring glory to the alma-mater. College wishes them fruitful stay here and success in their lives.

"We must realize that if we have to take our due place in constellation of institution, industries & comity of nations, it will not come to us for asking, but we shall have to strain every nerve for it"

   Free Elective subject for **VIth** semester were finalized by respective department are as follows:

Sr. No.	Department	Free Elective opted.
1)	Architecture	Disaster Management (CE)
2)	Civil Engineering	Climate Responsive Architecture (AR)
3)	Chemical Engineering	Composite Technology (PT)
4)	Computer Sc. & Engineering (FS)	E-Commerce (IT)
5)	Computer Sc. & Engineering (SS)	E-Commerce (IT)
6)	Mechanical Engineering	Engg. Economics & Entrepreneur Devl. (PE)

4) Officer in charge of RnD was absent, report of RnD meeting was received. Principal Sir also informed that Chemical Engineering Department already submitted 03 proposals and Mechanical Engineering Department submitted 01 proposal under **AQIS.** Principal Sir insisted that Civil Engineering Department should submit a proposal for **MODROB** under **AQIS** scheme of **AICTE** as last date is 12/12/2018 for application.

5) Prof. S. S. Paraskar officer in charge library, brief about Library activities. It was unanimously decided that books required for Free Elective adopted newly in **Vth** semester are also purchased along with requirement of **VIth** semester purchase order on priority basis.

5)Action Plan of IQAC for overall improvement in academic and administrative performance of institute

1- Encourage faculty to complete Ph.D. or register for Ph.D.(Pursuing or PET clear) The department should submit target every year for submission of Ph.D. thesis of the faculty who are already registered, and target of Ph.D. registration of other unregistered faculty.
2- Ph.D. holding faculty should try to get registered in universities as Ph.D. supervisors as early as possible.
3- Promoting staff to fill the form for nomination of various awards.
4- Departments having only UG should try to get P.G. Course.
5- At least two certificate courses should be started by each department based on their specialization of teaching faculties and available facility.
6- Staff should be motivated to attend QIP/ FDP. At least 2 faculties should be sent to reputed institutes to attend such program.
7- Proposals other than major / minor projects for research funds should be submitted to appropriate funding agencies. At least one major and three minor project proposals to be submitted by every department per year to UGC ,AICTE and DST.
8- Books published - minimum one book / book chapter to be published by the faculty of each department every year.
9- Technical support staff should be essentially diploma holders in future appointments.
10- To organize at least one common skill-development programme/training programme per year for the present supporting staff to upgrade the knowledge required for performing practical in the laboratory.
11- Minimum 10 papers from every department should be published in journals or conferences every year.
12- Every department should aim to file at least one national patent every year which may be upgraded to international patent or separate international patent should be filed within 2 years by each department.
13- Efforts should be taken to improve the consultancy by all the departments.
14- Minimum one international conference should organized by each department in every alternate year.
15- There should be active participation of faculty in conferences, workshops as resource person, chair person as well as experts for invited talk etc.
16- Definite budget allocation for research projects (U.G & P.G).
17- Industrial training for U.G. students should be mandatory for students of all departments.
18- Continuous efforts for development of Lab facilities necessary for promotion of research.

19- Inviting eminent personalities (2 from academics and 2 from industry) per year by every department.
20- Extension activities of laboratory work for benefit society should be promoted by every department.
21- Financial assistance required by faculty for presenting research papers in conferences of national and international level should be provided by the college.
22- Every department should have collaboration for research and training with at least three National level organization and minimum 5 industries through MOU. It should be a continuous process. Every year the tie up should increase.
23- Research budget provision should be 5% of total budget of the college for every year.
24- At least one Smart class room should be developed in each department.
25- Enhancing ICT resources for teaching learning practice – Encouraging students and faculties by developing blogs/whats app by teachers and students so as to share knowledge.(Sharing notes of subject , New concept, Scientific and technological latest trend, opportunity to students for further higher education etc.)
26- High speed Wi-fi should be made available to encourage E-communication between staff and students. (Presently available is for very limited users and speed is very less).
27- COETA App (Android application) to be developed for sharing all academic record of students(attendance, unit test performance ,Time table ,fees details, Notices)
28- Digital library- Complete automation is required as per NAAC committee suggestions.
29- The proposal sent to university for E-library for library consortia for U.G. and P.G. It should come into force as early as possible by completing required formalities.
30- Innovation club/ students chapters / chapters of professional bodies should be set up in every department and should come out with minimum 2 projects with innovative ideas every year.
31- Target should be set for campus recruitment and accordingly the action plan for every year is to be formulated by Training and placement.
32- Gate/CAT training online/ offline be provided on priority.
33- Students should be encouraged for participating in sports / cultural activities/model competition/ NSS at university, state and National level competition.
34- Continuous efforts for improvement of students results – Notes by teacher for their subject be prepared up to the mark, Subject seminar be promoted and made compulsory, regular attendance monitoring.
35- The topper of every class and University color holders should be rewarded in the form of cash prize to promote fair competition in the students and will create studious environment in the college.

36- Expenses towards patents by student should be borne by the institute and student be rewarded.
37- Organization of awareness camps and workshops for students every year.
38- Social awareness camps and activities to be organized for students.
39- Most regular students from each class should be felicitated in the annual social gathering.
40- Common policy regarding internal marks at institute level should be formulated and same should be adhered to by all the departments.
41- Centralized common policy should be adopted by all the departments regarding the feedback from students, alumni, parents, and employers. Should be taken every semester without fail.
42- Feedback should be taken from regular students (more than 80% attendance) and feedback format should be same for all departments. Also the students should be encouraged to give feedback genuinely.
43- Feedback analysis should be in auto mode (In Excel). The appreciation letter should be given to the faculty having excellent performance.
44- The feedback analysis committee should be formed to analyze it. And suggestion be given by committee on the basis of feedback.
45- There should be fixed policy regarding criterion for up-gradation of faculty members. (Either CAS or regularizing faculty).
46- Institute level regularization of ad-hoc staff by maintaining cadre ratio (as it is mandatory by NAAC report). This can be done by regularizing the staff which is consecutively appointed as ad-hoc faculty.
47- Maximum efforts should be taken at every level such as the staff, management, and administration to generate corpus fund.
48- Financial planning should be done in such a manner so that the salaries be paid regularly.
