Dear Sir,

We would like to take this opportunity to thank you on behalf of the whole institute for the inspiring Expert Talk you gave to our students on the topic "Recent Trends in Solar Technology". It was obvious that you are extremely knowledgeable in your field, and can link this knowledge up to a great presenting style.

Your lecture, was very interesting and informative. In fact, it was the highlight of the day. It saw everyone captivated by the talk. We feel that the whole area of your expertise is truly fascinating and would request you to consider a repeat performance at some future date. You are welcome at our institute whenever your schedule allows.

We are grateful for the time you spent in careful preparation to present us with meaningful ideas.

Thanking You,

Regards,

Miss. Radha Bagani worked with our Organization in the capacity of Trainee Architect from 1 August 2021 to 31 January 2022.

She took keen interest and worked on the projects assigned to her. I found her committed and quite involved in the projects that she was handling. I would strongly recommend her as a good Architect.

She has worked on various Residential, Commercial and interior based projects

She was good at her performance and regularities. I am confident of her capabilities and I wish her good luck.

Internship Completion Certificate

TO WHOM SO EVER IT MAY CONCERN

This letter is to certify that Mr. AJINKYA TAPPE (Reg: 172129115018) has successfully completed his internship program as per the curriculum. His internship tenure was from 20th JULY 2021 to 31st JANUARY 2022. In the given time, he has worked on design at a conceptual level and done a fair amount of design development.

During the span, we found his learning powers good, and he picks up concepts swiftly. His feedback and evaluation proved that he learned keenly. Moreover, his interpersonal and communication skills were found to be satisfactory.

We wish him a bright future.

Sayali Jadhav

Sayali joined our Amravati office as Architect in 20 August 2021-05 Feb 2022, and during her time with us worked on developing the concept and detail design of a number of projects.

Sayali worked in a team environment and played a key role in developing ideas and the creation of a number of AutoCAD drawings and Sketch up models for a variety of Residential Buildings. Sayali developed sketch schemes, elevations and plans, and subsequently created a selection of design drawings for presentation to the client group. Her thinking and attention to detail was excellent, and She clearly has a developed and creative understanding of 3 dimensional spaces and their functionality.

Sayali was very willing to take on any task with enthusiasm and commitment. We would welcome Sayali back in to our office in the future, and would have no hesitation in recommending her to any future employer. We wish Sayali the very best of luck and success in her future career.

Should you have any queries regarding the above, please do not hesitate to contact the undersigned.

Note Sheet

Date: - 18/08/2020

Institute has intend to make students employable for which the college has taken efforts to enhance the job prospective of engineering students by imparting various skills based training programs. Since last five years College is regularly conducting face to face CRTP program for the final year students in the campus, so as to make them ready for the jobs. For the session 2020-21 because of Covid- 19 situation, it is proposed to provide the online Campus Recruitment Training Program (CRTP) to the Final year students for 40 hours, the conduction of Training will be only two hours per day to avoid the academic loss of the students. The college has received the proposal from the renowned Training Agency NIIT Limited, a global leader in skill and talent development, offers multi-disciplinary learning management and training delivery solutions to corporation institution and individuals in over 40 countries. NIIT Nagpur Dharampeth Centre has been providing state of the art training and placement to the youth of Central India since 1990.

The charges quoted by agency after negotiation for the said training is Rs. 1350/- per student, the module offered by NIIT to us, which was originally costing Rs.4500/-and it has been specially customized and reduced cost for our College for the batch size of 200 students, i.e. the total amount is of Rs. 270,000/- inclusive of all taxes. We plan to take part payment of Rs. 300/- to Rs.500/- as possible from students, which may reduce the total amount to be paid from College by Rs.60,000/- to Rs.100,000/-. The Total students for CRTP may also be considered to actual count which may be between 150 to 200 students. It has been unanimously decided in the meeting of HOD's that institute should offer above Training to the final year students.

To,
Principal
COET School of Architecture,
Akola.

This is to certify that **Ms. Revati Tayade**, student of COET School of Architecture, undertook her Practical Training in my office from **1st July 2020 to 12th January 2021**. Though it was online, her responsibilities have included making – architectural drawings, 3D views.

I have been very impressed by her sound academic ability and commitment to work. Through exceptional hard work and perseverance she has made difficult judgments, and I have watched her grow in confidence and ability.

She was well organized and a completely reliable student who enjoyed delving deeply into whatever projects she was working. I am confident that she will complete Architecture successfully and wish her success.

Warm Regards,

Girish Doshi

Note sheet

To enhance the job prospective of Mechanical Engineering students, it is essential to provide the training of specialized technological advanced courses. In view of this for the Final Year Mechanical students of 2017-18 batch, we have contacted with the training agency M/S, Digital PLM Nagpur for Software – AutoCAD; Creo(PRO/E); Ansys Workbench.

Digital PLM, Nagpur has submitted their quotation on dated 21/09/2017. We discussed in brief with the representative of company about the said training module and as per the discussion, it is proposed to provide the above training module of 80 hours in 10 to 15 working days with minimum 6 hours per day. The commercials are Rs. 6500/- per students with batch of 24 numbers of students. The other terms and conditions will be as per the quotation.

It has been unanimously decided in the meeting of HOD's that institute should offer Technological training to final year Mechanical students for creating more job opportunities.
