Online Education

1. Does all programs/courses were completed on time.	Yes
--	-----

2. Measures taken to complete the syllabus of courses and programs.		Last year due to the pandemic period, Institute arranged online teaching via virtual classes using a video conferencing platform available in the market as well as a platform provided by our parent society. Each department had its own facilities to conduct the online classes. A schedule was circulated on social media groups among the stakeholders. The subject teachers provide the links well in advance of the schedule. Platforms like VLab are used for practical / demonstration learning. Care was taken to prevent very long hours of seating and video attention while preparing the academic schedule of each class. Learning Notes and E-books were provided to students. Online teaching became an important medium and compulsion also to give education to the students during COVID-19 pandemic. It is beneficial for the students in some ways but it has limitations too. While the end of the lockdown period we adopted the hybrid / blended pattern of teaching with online as well as offline modes of the class simultaneously with due consideration and adoption of SOP by the Government from time to time. The Academic schedule and final examination by the university were late approximately by two months.	
3. The period of delay in completion of syllabus (in months).		2	
4. The period of delay in conducting exams (in months).		2
